Aad Aries Suntara

Full Stack Developer at Alucionet | Associate Machine Learning
Engineer | Associate DevOps Engineer | Associate Data Science
Surabaya, East Java, Indonesia

Summary

I am a Bachelor of Computer graduate with a concentration in programming who has an interest in working in the programming field. Have knowledge related to HTML, CSS, Javascript, PHP, Laravel, Database. In my previous project I made a lot of simple programming from the given coursework. I have also participated in training activities and project experiences related to full-stack programming, especially Laravel, and participated in database training activities conducted by Oracle Academy. I am a person who has a high curiosity and has the ambition that in the future I can master various other programming languages.

Experience

Alucionet

1 year 1 month
